## URKORN

The best, finely balanced ingredients, like ancient  
grains einkorn, emmer, spelt and wild rye make  
the urkorn roll simply taste like MORE.

## DURUM

Durum wheat is primarily known for Italian pasta  
or flatbreads from the Middle East. With a buttery  
yellow colour and slightly sweet, nutty taste, it is  
suitable for so much more. Durum grill sticks are  
all the proof you need.

## ARONIA

Contains the valuable ingredients of the power  
berry aronia. The purple shades of the berry are also  
present in the baked products.

## MY URKORN

Emmer, einkorn and khorasan are paired with  
rye, wheat, oats, barley, rice and buckwheat to  
produce a very special wholegrain multigrain  
bread. Smoked sourdough adds unique flavour  
nuances.
